

# 2015-2016 BIOMASS TAX CREDIT Certificate of Efficiency

The previous efficient biomass heating appliances tax credit has been reinstated by the Consolidated Appropriations Act of 2016 (H.R. 2029). The bill reauthorizes, among other credits, the Sec. 25C tax credit for non-business energy property. Included in this section is the \$300 credit for residential biomass heating equipment. A 10 percent tax credit of up to \$300 on a qualifying unit purchased between December 31st, 2014 and December 31st, 2016.
