

2019-2020 \$300 Biomass Tax Credit CERTIFICATE OF EFFICIENCY

The previous efficient biomass heating appliances tax credit has been reinstated by the Further Consolidated Appropriations Act of 2020 (116HR1865). The bill reauthorizes, among other credits, the Sec. 25C tax credit for non-business energy property. Included in this section is the \$300 credit for residential biomass heating equipment that are at least 75% efficient and purchased before December 20th, 2020.
